Intelligent credentials for live events

ABOUT US

ID&C has supplied 10 million+ RFID wristbands and credentials to thousands of events, in 23 different countries, across 5 continents.

We have worked with event organisers and industry leaders for more than 25 years and understand the importance of quality, accuracy, speed and value.

In January 2020 ID&C was acquired by CCL Industries (a world leader in specialty label, security and packaging solutions for global corporations, government institutions, small businesses and consumers) and now forms part of CCL's Avery segment.

ID&C WORKING WITH MOTORSPORTS

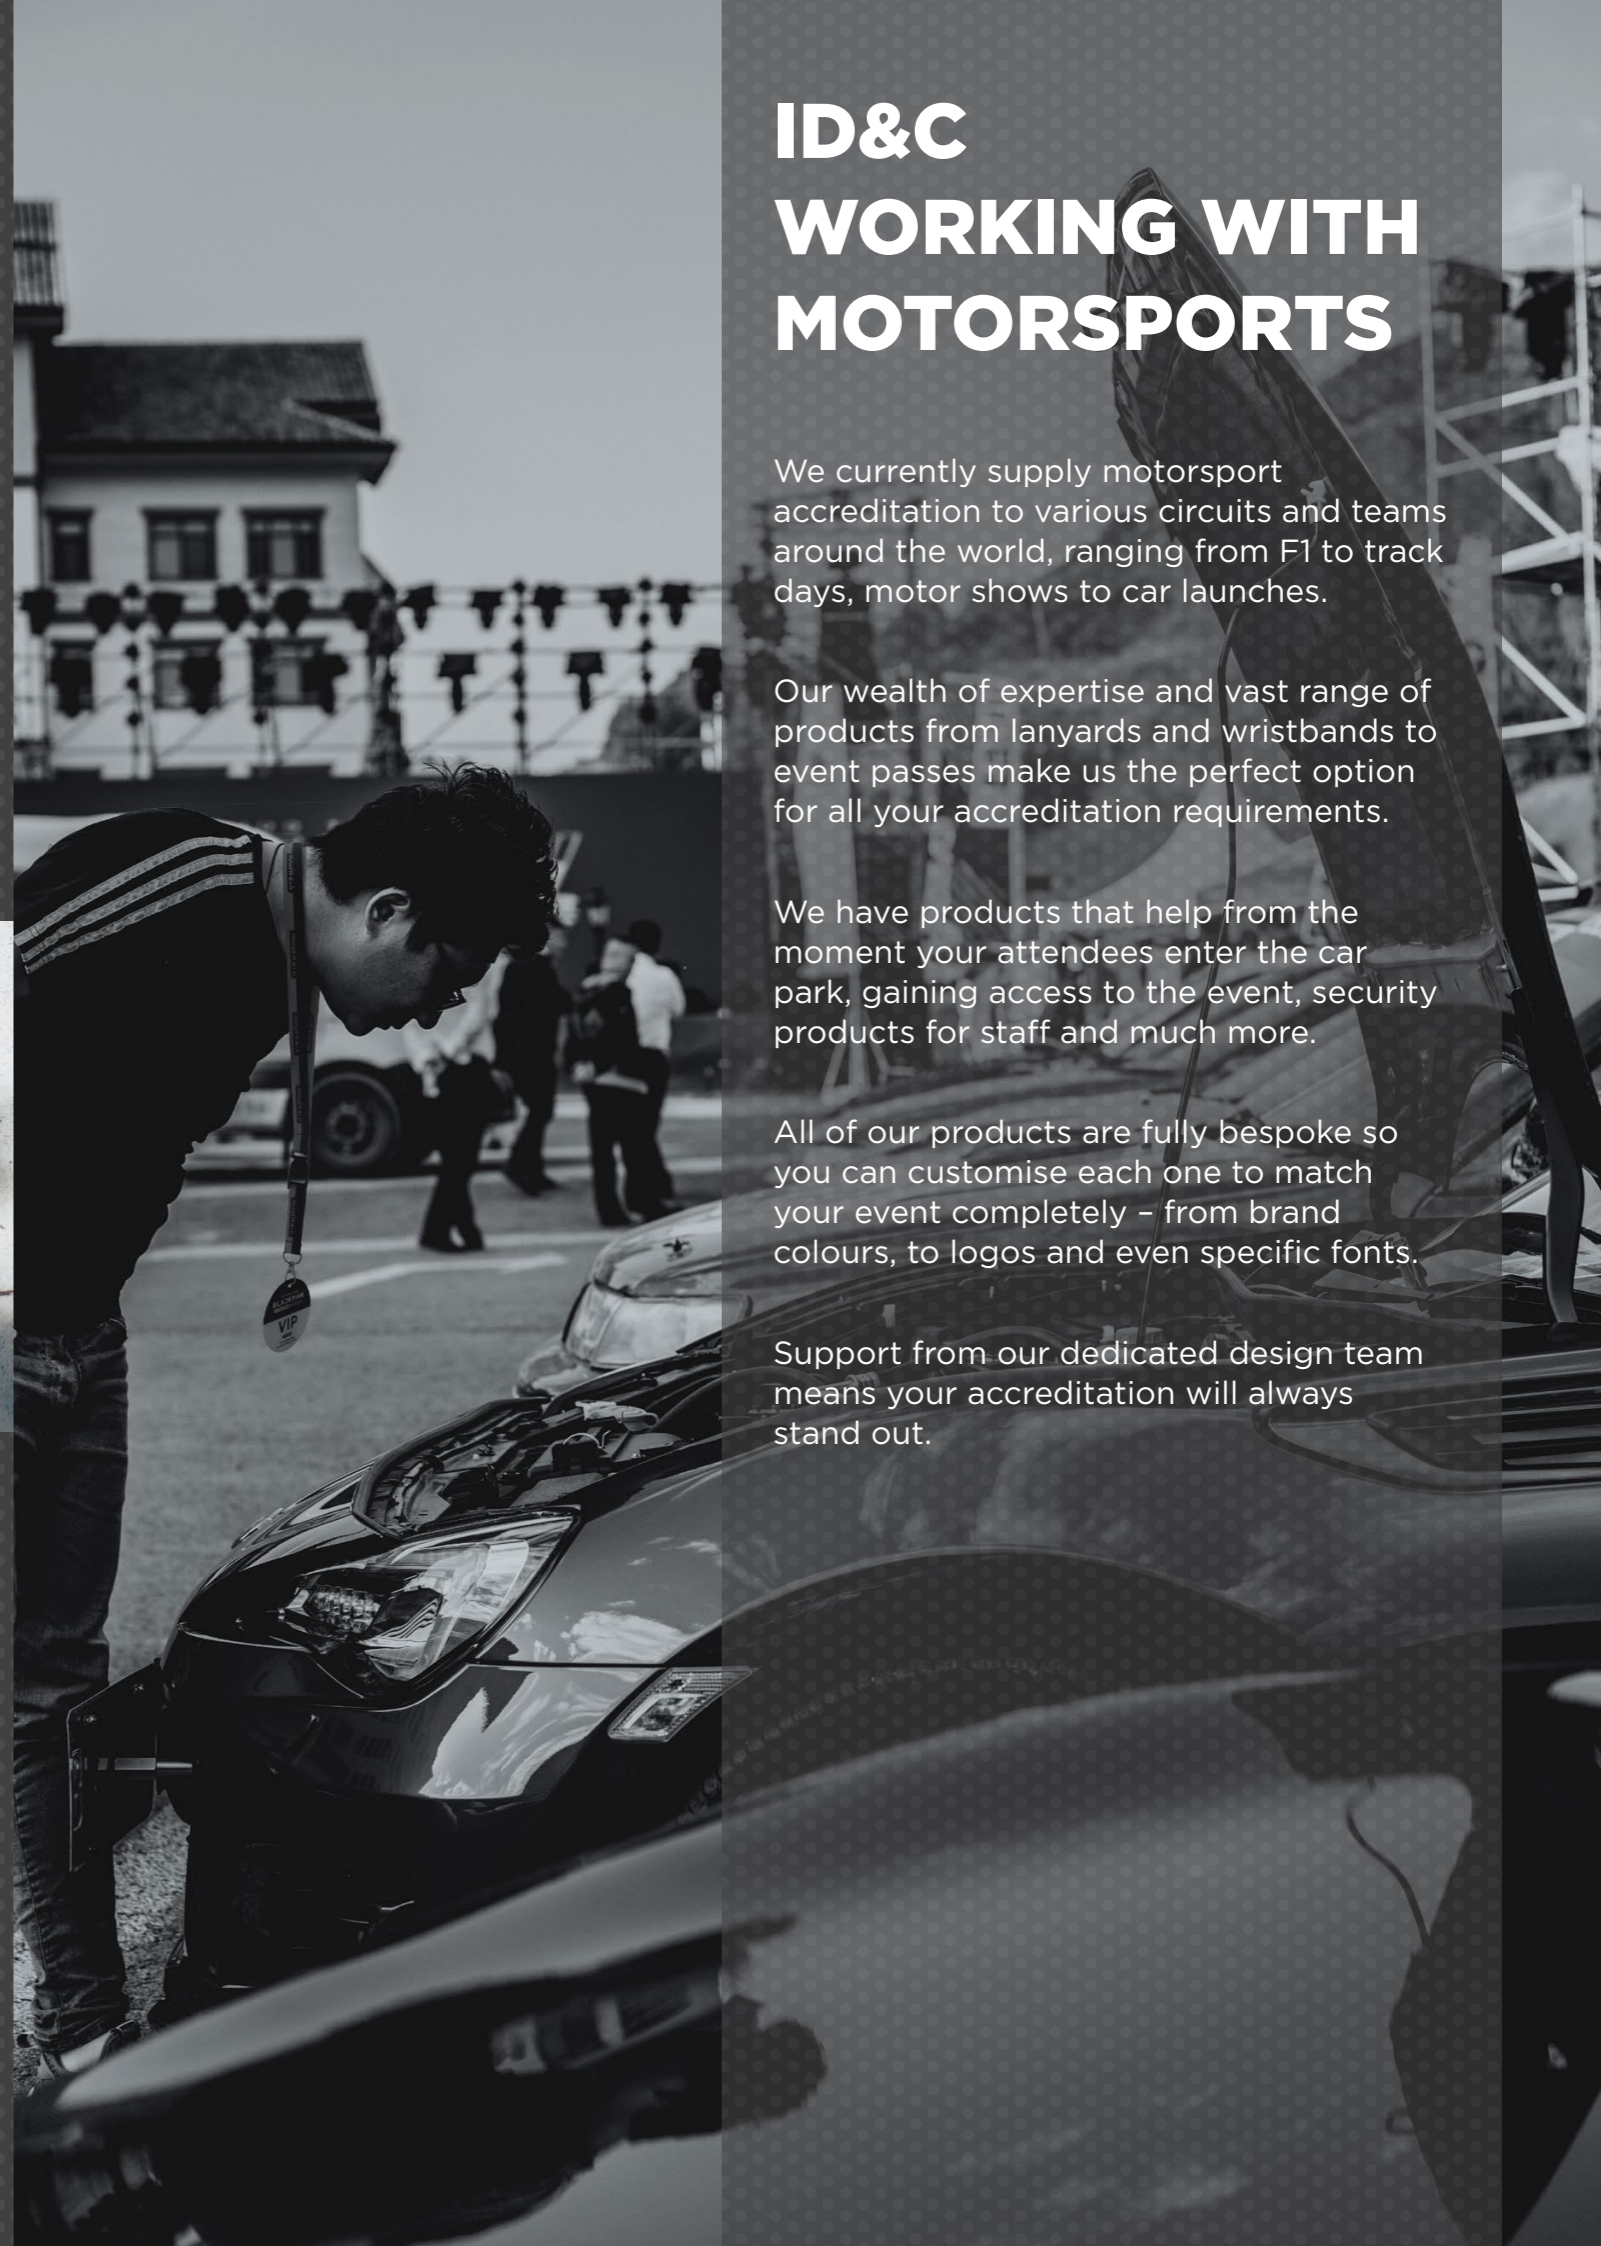

We currently supply motorsport accreditation to various circuits and teams around the world, ranging from F1 to track days, motor shows to car launches.

Our wealth of expertise and vast range of products from lanyards and wristbands to event passes make us the perfect option for all your accreditation requirements.

We have products that help from the moment your attendees enter the car park, gaining access to the event, security products for staff and much more.

All of our products are fully bespoke so you can customise each one to match your event completely - from brand colours, to logos and even specific fonts.

Support from our dedicated design team means your accreditation will always stand out.

OUR RFID SOLUTIONS

Our RFID products are perfect for motorsport or any other kind of large outdoor sporting event. RFID increases the efficiency and security of guest check-in.

The option to enable cashless payments means your attendees can pay for drinks, food and merchandise with a simple tap, keeping queues down.

It also aids with security and control for attendees and vendors alike, removing the need for cash on site and increasing security between different areas of the event.

Our account managers will help you every step of the way with your order, from pricing and design, to lead times and delivery schedules. ID&C also has a dedicated logistics team to manage domestic and international shipments.
